

5th annual

ENVISION FINANCIAL

Light the Lake

Benefiting

Douglas College
Foundation

By sponsoring one of the 12 available 20 to 25 foot high trees on the west side of Lafarge Lake, you have the opportunity to brand a tree and its immediate surrounding area with your company name and/or logo. The trees will be illuminated at Envision Financial Light the Lake's official lighting ceremony and remain lit for the month of December and into January. You can decorate the tree as you wish, and on the night of the festival have staff on-site to provide information on your company, provide giveaways and highlight your company in other creative ways. We encourage you to be as imaginative as possible and choose colours, decorations and themes that best represent your organization. If your forte is construction, why not feature plastic multi-coloured construction equipment, tools, and hard hats mixed among traditional ornaments in your company colours. If you have a passion for sports, consider bright plastic sporting equipment mixed among LED lights in your favorite colour. We can supply you with standard LED lights (limited colours available) or you can provide your own.

Tree Sponsorship - \$5,000

On stage acknowledgement during lighting ceremony
Company logo on post-event full page colour ad in Coquitlam NOW and Tri-City News
